

2561 - SMALL DIAMOND

2450 x 1050 mm

one-side embossed
repeating pattern

Textured panel

Available thicknesses

Overall thickness 18,5

Depth of embossment 3,5

Besides the allowance of +/-0,3 mm of the total area thickness referring to the highest point there are minor differences in the thickness of the embossment - about 3,5 mm due to the natural design specifications.

Attention: The board with repeat size 2448,82 x 964,5 mm as well as cut tiles in format 111,31 x 96,45 mm do not match when being rotated by 180°. Always align boards with direction „up“.
