Sale and Supply terms

1 Our terms apply to the entire business relationship even if not explicitly referred to in individual cases.

2 No claims for damages may be made against us.

3. Quotations are subject to confirmation. Only what we have confirmed in writing shall apply.

4. Our list prices valid on the day of delivery shall always apply even if we have issued confirmation of certain prices.

5. Our invoices shall be payable with a 3% discount within 8 days of the invoice date and strictly net cash after 30 days, with the exception of invoices for the cost of commission work, such as tools and models, etc., which are payable strictly net with immediate effect.

If deadlines for payment are not met, we shall be entitled to charge interest at 4% above the respective Bundesbank discount rate, without issuing any reminders or warnings and reserving the right to claim further damages caused by default.

If the buyer fails to discharge payment obligations despite reminders, all outstanding invoices and any bills of exchange received shall become due with immediate effect and we shall be under no obligation to make further deliveries to the buyer.

6. We may vary the scope of supply up or down by a margin of up to 10%. In the case of exclusive patterns or specific fixed dimensions, we shall be entitled to supply up to 10% of the quantity as slight seconds.

If we are required to supply on the basis of drawings, specifications or designs, etc. provided by the buyer, the buyer shall be responsible for ensuring that we do not infringe any third-party property rights. The buyer shall indemnify us from any third-party claims.

We reserve title and hold the copyright to our drawings, specifications and designs, etc. The buyer may not make them accessible to third parties. This shall still apply if the relevant costs are included in the purchase price or are otherwise borne by the buyer.

7. Deliveries will be made ex works from Bad Salzufen. Shipments will in all cases be made for account of and at the risk of the buyer.

The goods will be bundled in steel coil or delivered loose. If the buyer would like additional packaging, this will be invoiced at cost price and will be non-returnable.

8 The delivery times are approximate and subject to change. Goods will remain ready for dispatch status until such time as they can be dispatched. If we are affected by traffic hold-ups, disruptions in operations, shortages of raw materials and other such circumstances beyond our control, we shall be entitled to withdraw from the contract or part thereof without being subject to claims on the part of the buyer.

9 If the goods we have delivered are found to be faulty, we shall have the right to choose whether to rectify the defects, deliver replacements, or take the goods back and issue a credit note in return. We will pay for the faulty goods to be returned to us and the buyer shall cover any further freight costs.

The presence of defects shall not confer the right to offset or withhold the purchase price.

10. We will retain title to the delivered goods as security for all our claims – including those that are qualified and limited in time – arising from the business relationship as a whole.

The buyer will have the right to process and to sell the delivered goods in the ordinary course of business operations. The buyer may not assign or pledge the goods as security, however. We must be given immediate notification of attachment or seizure by third parties. The goods are then to be stored at our request at the place specified by us at the expense of the buyer to protect them from further attachment or seizure. Should the buyer fall behind with some or all payments, we shall be entitled to ask for the goods to be returned until such time as our demands are fully satisfied without withdrawing from the contract.

The reservation of title shall extend to the new products created by the processing. The buyer shall complete this processing on our behalf without putting us under any obligations. As a precaution, the buyer hereby assigns to us title to the new products arising in the process, at the same time agreeing to keep and protect said products on our behalf. The above shall likewise apply if the goods are processed by the buyer with other goods not owned by us and insofar as the goods delivered by us do not constitute the main item, provided that our co-ownership of the new products is relative to the value of our goods subject to reservation of title to the other goods at the time of the processing.

All receivables due to the buyer from the resale of the goods subject to reservation of title shall be assigned to us. If goods subject to reservation of title are sold by the buyer together with goods not owned by us, the claim for the payment of the purchase price shall only be assigned to the value of the goods subject to reservation of title in relation to the proportionate value of the goods supplied by us. If only a proportion of the goods subject to reservation of title belongs to us, the portion of the claim arising from the sale assigned to us shall be measured according to our ownership share.

The buyer shall be entitled to collect the assigned receivables as long as the latter duly fulfills the relevant obligations to us. The buyer shall be obliged, at any time at our request, to provide us with the addresses of the buyers and the amount of receivables, including copies of invoices

If the value of the securities exceeds our claims by more than 25%, we will be obliged, at the request of the buyer, to release securities of our choosing to the relevant excess value.

11. Checks and bills of exchange will not be valid as payment until cashed.

Cash payments, bank transfers and payments by check which are made against remittance of a bill of exchange made out by us and accepted by the buyer will not be valid as payment until such time as the bill of exchange has been cashed by the payee.

12. The place of jurisdiction is Bad Salzufen.

VD Werkstätten GmbH & Co KG, Bad Salzufen
